

Performance Funding Definitions

- ❖ **Base Funding (recurring)**
 - This term refers to the university base budget dollars (general revenue and lottery) for a given fiscal year.
- ❖ **2013-14 \$20 M PBF**
 - In 2013-14, \$20 million was appropriated to be allocated based on three metrics, which later became the first three metrics in the Board of Governors 10-Metric Model. Each of the SUS institutions received a portion of this allocation.
- ❖ **2014-15 \$15 M TEAm Grant**
 - In 2013-14, \$15 million was appropriated for TEAm Grant awards. This was a one-time funding grant. In 2014-15, instead of funding a second year of TEAm grants, the funding was allocated to the institutions eligible for “new funding” in 2014-15 (Year 1) of the PBF model.
- ❖ **2014-15 \$100 M PBF**
 - Funding that was “new” to the SUS and allocated to the institutions eligible for “new funding” in 2014-15 (Year 1)
- ❖ **2015-16 \$100 M PBF**
 - Funding that was “new” to the SUS and allocated to the institutions eligible for “new funding” in 2015-16 (Year 2)
- ❖ **2016-17 \$225 M PBF**
 - Funding that was “new” to the SUS and allocated to the institutions eligible for “new funding” in 2016-17 (Year 3)

SUS Summary Performance Funding

Note: Base funding shown does not include budget for FAMU/FSU College of Engineering or Complete Florida. USF System is shown for USF.

FAMU Performance Funding

Note: Base funding shown does not include budget for FAMU/FSU College of Engineering

FAU Performance Funding

FGCU Performance Funding

FIU Performance Funding

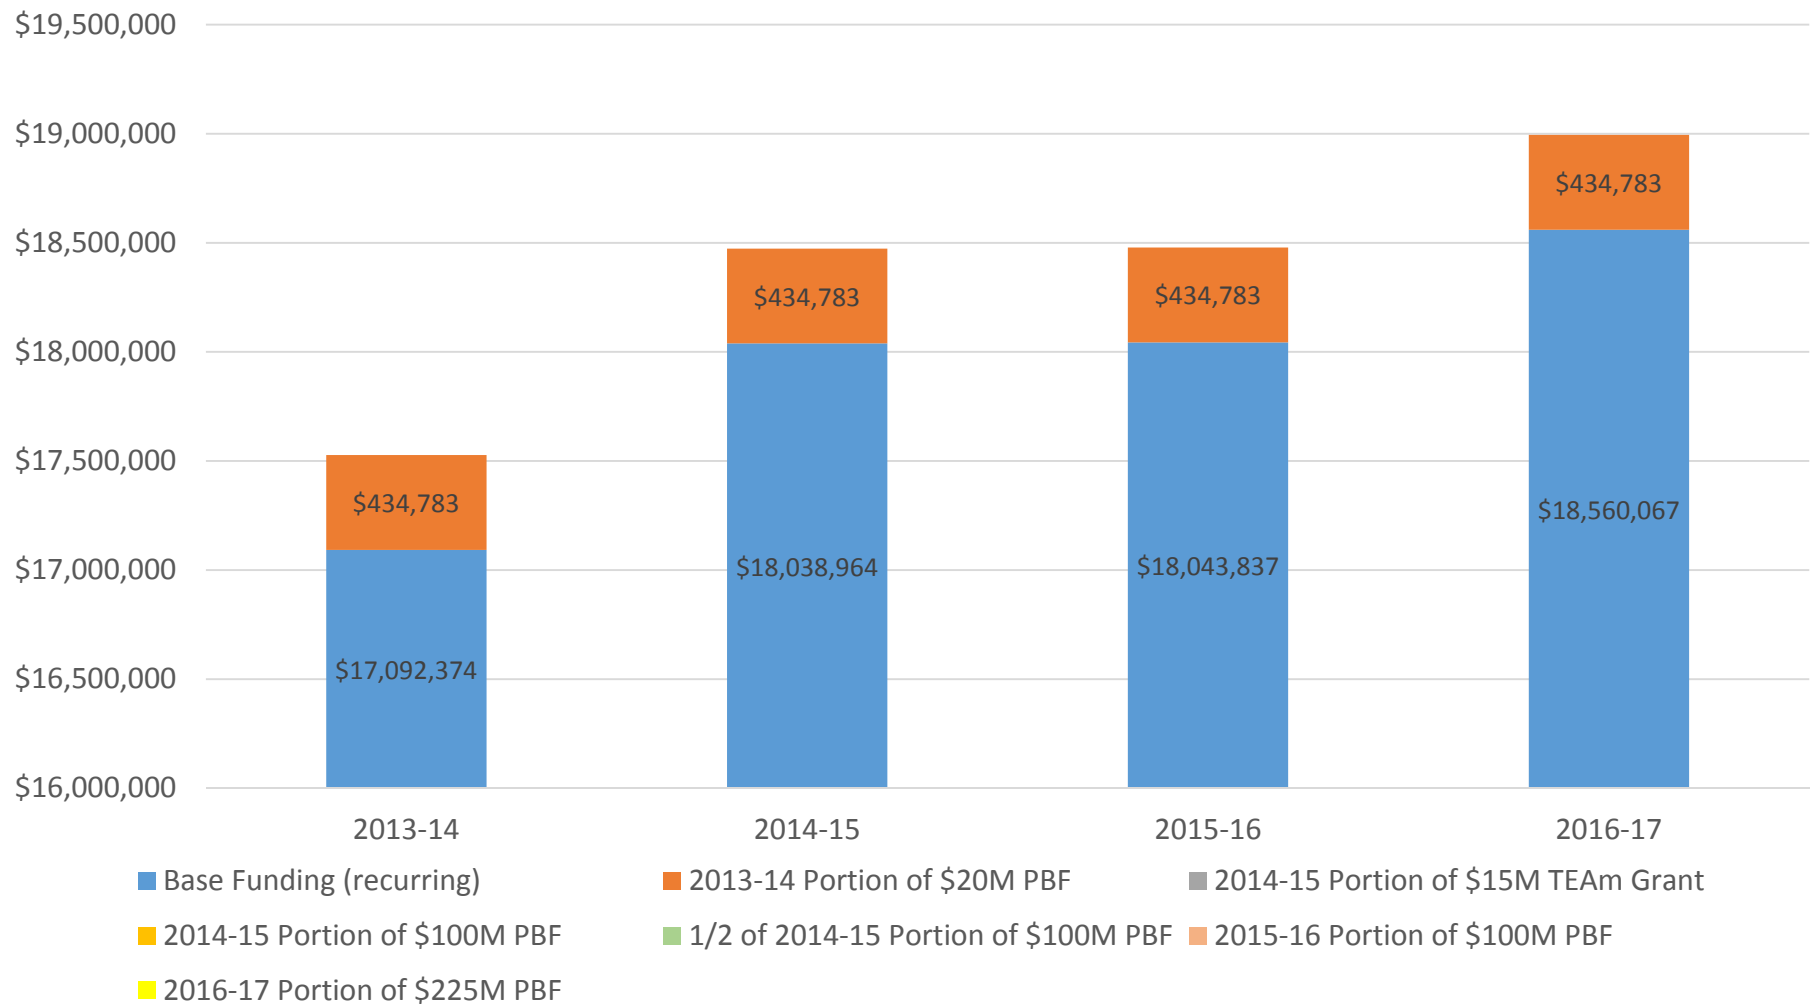

FSU Performance Funding

Note: Base funding shown does not include budget for FAMU/FSU College of Engineering

NCF Performance Funding

UCF Performance Funding

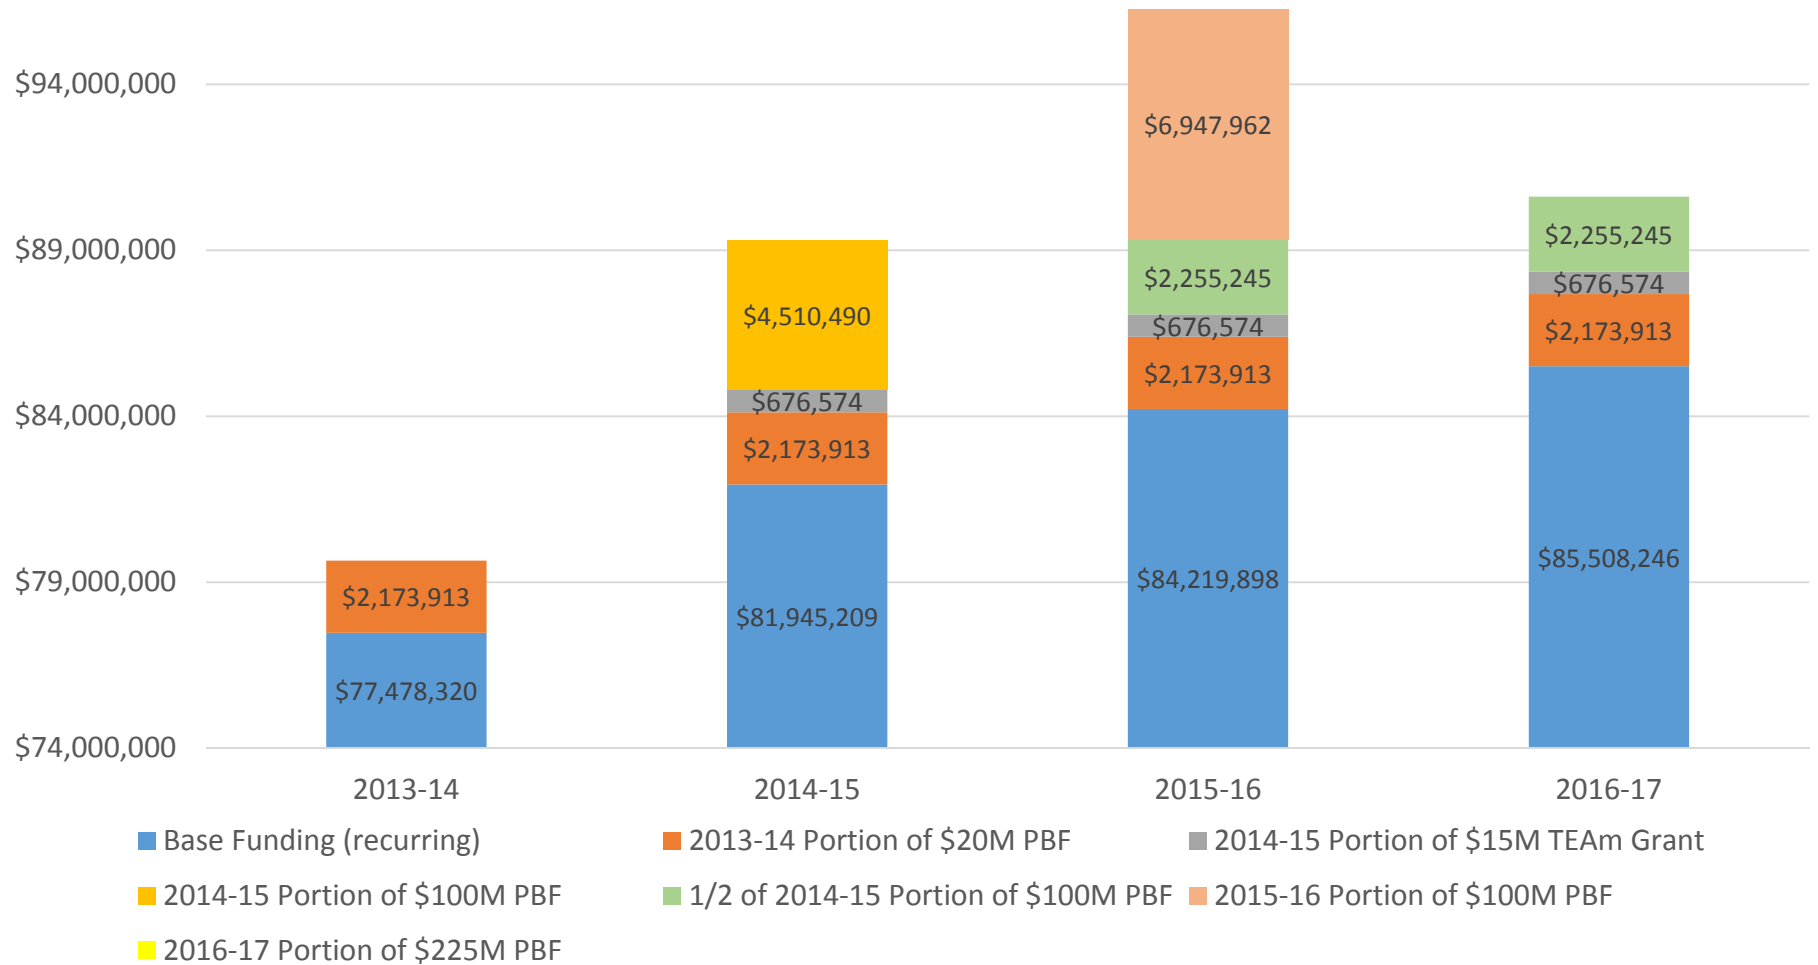

UF Performance Funding

UNF Performance Funding

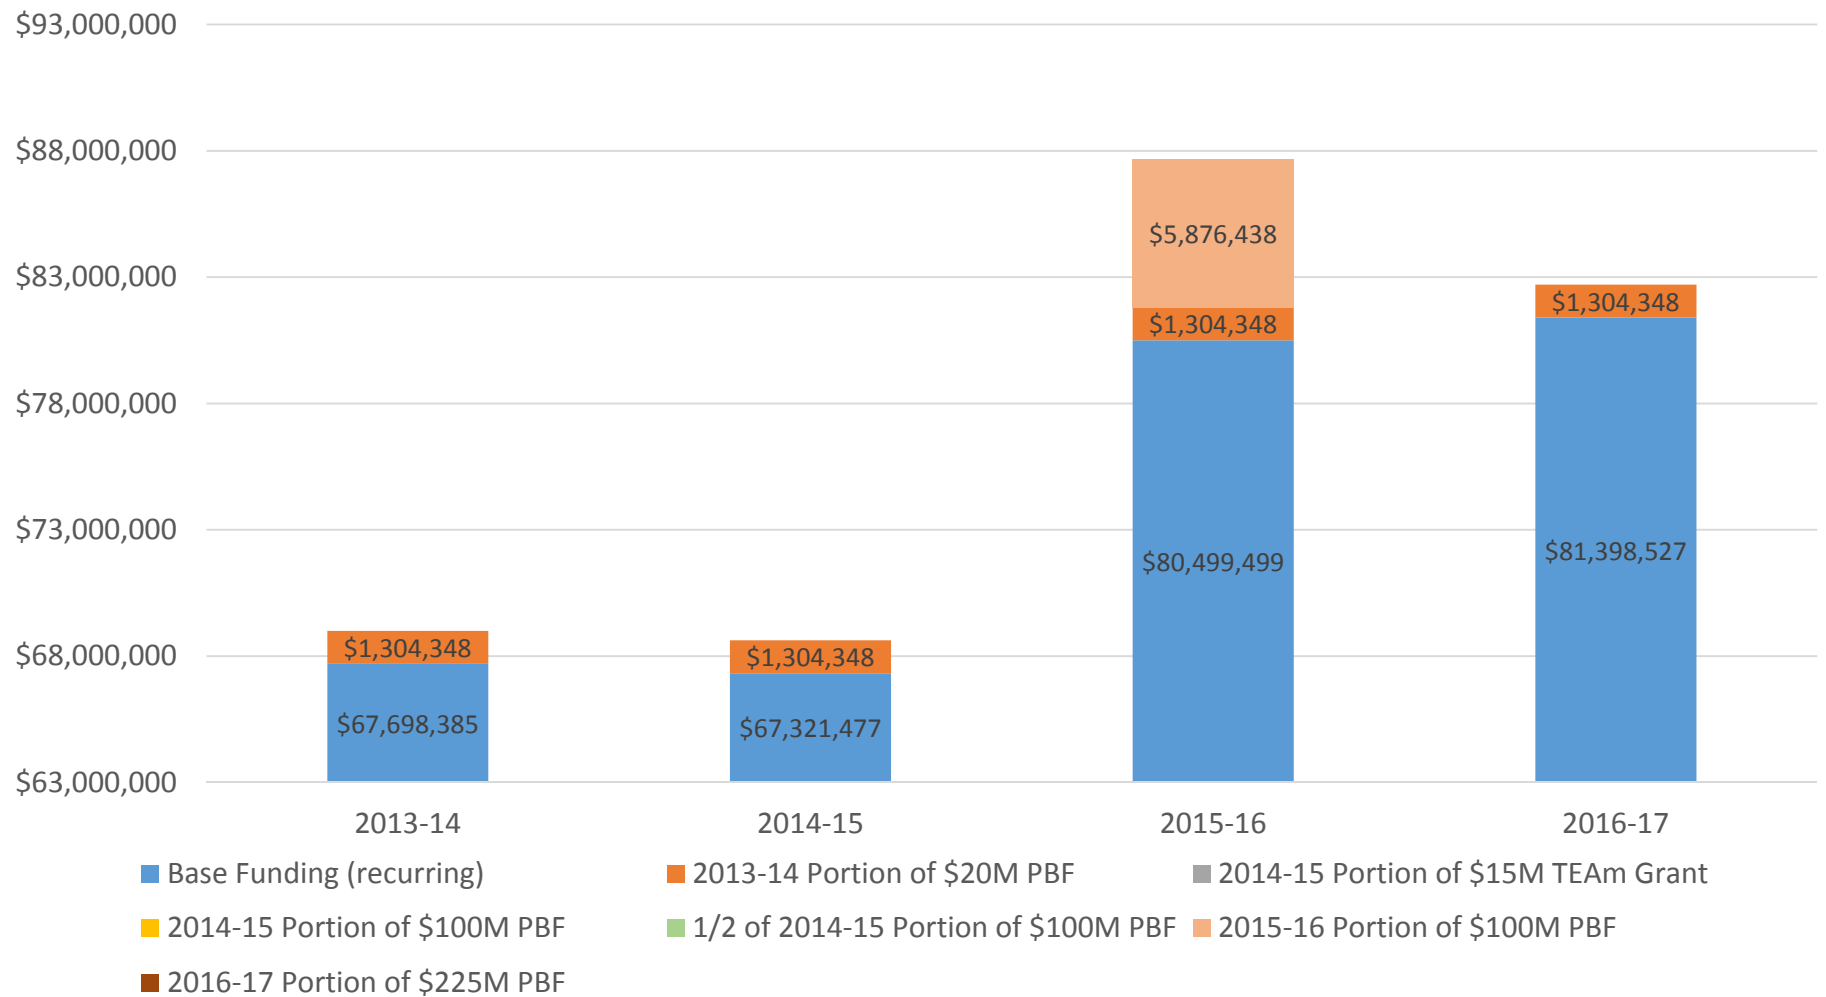

USF Performance Funding

Note: Figures shown are funding for USF System

UWF Performance Funding

Note: Base funding shown does not include budget for Complete Florida
