AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Subsection 1007.25(8), Florida Statutes; Board of Governors Regulation 2.002

BACKGROUND INFORMATION

Board Regulation 2.002 requires the development of University Work Plans. Work Plans, in conjunction with annual accountability reporting, are designed to inform strategic planning, budgeting, and other policy decisions for the State University System. Each University Work Plan is intended to reflect the institution's distinctive mission and focus on core institutional strengths within the context of State University System goals and regional and statewide needs. The Work Plan outlines the university's top priorities, strategic directions, and specific actions and financial plans for achieving those priorities, as well as performance expectations and outcomes on institutional and System-wide goals.

The University Work Plan's "Strategy" section includes institutional mission and vision statements, identification of strengths and opportunities, and key initiatives and investments. The "Key Performance Indicators" section provides metrics common to all universities, as well as a set specific to research universities, and institution-specific indicators. The "Operations" section provides fiscal information, including that associated with tuition differential requests, enrollment planning, and intentions of implementing new academic programs in 2012-13 and in the years 2013-15.

Universities will make brief presentations on their Work Plans, after which Committee members will have the opportunity to engage in discussion and questioning. The

Committee will consider for approval those portions of 2012-13 University Work Plans associated with the 2012-13 academic year, and note out-year portions of University Work Plans that need to be the subject of further dialogue and deliberation.
