

# **Academic Coordination Project Update**

March 27, 2013

**BOG regulation 8.004 stipulates that evaluations occur of both proposed new programs and existing programs**

**CAVP process considers**

- duplication of programs at other SUS universities
- level of degree production
- student demand for programs
- work force and economic development needs
- financial resources
- collaboration between universities

## **CAVP appointed committee**

- membership from all SUS universities
- focused first on developing a process for evaluating proposed new programs (undergraduate, master's, and doctoral)
  - each university has a process for internal evaluation
- four meetings per year
- developed a form to be completed by the university proposing the new program

# New Academic Degree Program Authorization Pre-Proposal Form

## New Academic Program Pre-Proposal Process

New academic program pre-proposals are initiated and developed by the faculty. Approval of the pre-proposal must be obtained from department chairs and college deans or equivalent administrators before submission for Academic Affairs level review and consideration for inclusion in the University's Annual Work Plan.

## Pre-proposal Application Form

PROGRAM PROPOSAL INFORMATION	TYPE/PRINT CLEARLY
Institution	
Degree Program Title (e.g. M.A. in Biology)	
CIP Code	
Proposed Mode of Delivery (% online if applicable)	
Enrollment Projections (FTE) : Year 1 and Year 5	Year 1:                      Year 5:
Proposed Implementation Date (e.g. Fall 2012)	

Please provide a succinct, thorough response to each of the following:

**Program Summary:** *(Briefly describe the proposed program)*

1. Briefly summarize the overall rationale for the new academic program. Include a consideration of any ways in which the proposed program is distinct from others already offered in the SUS (use the 4-digit CIP as a guide). Discuss how this program supports specific university and SUS missions. Consider collaborative opportunities with other SUS institutions as appropriate. (maximum length 250 words)

**Student Demand:** *(Describe the demand in the SUS for the proposed program)*

2. Briefly describe the demand for the proposed program and consider the following in your narrative:
  - Recognizing that programs at different levels may require different degrees of justification (e.g., greater duplication may be warranted at undergraduate and master's levels), indicate why duplicative programs should be warranted.
  - Consider the numbers of graduates and students enrolled at similar programs currently offered online or face-to-face.
  - Consider as applicable: place-bound learners, underserved populations in the field/profession, and professional credentials requirements. (maximum length 250 words)

**Workforce and Economic Development Needs:** *(Describe how the proposed program meets workforce and economic development needs)*

3. Briefly describe how the proposed program meets workforce and economic development needs and consider the following in your narrative:
- Indicate the impact of this program (local, state, national, international).
  - Impact of research funding
  - Changing professional credential requirements (maximum length 250 words)

- 
- The institution assumes responsibility for funding the program if approved.**

Provost's Name

---

Signature

---

Date

## **Committee reviewed each proposed program**

- no concerns
- concerns

## **Concerns presented back to each campus**

- expectation that concerns will be addressed prior to submitting the proposal to the BOT

### Concerns (as of 02/15/13)

Institution	Degree Program Title	Level	CIP Code	US Program	Emphasis		Status
Florida Gulf Coast University	BS in Earth and Space Science	B	40.0203	0	STEM	12/06/2012	Reevaluate Need
Florida Gulf Coast University	BM in Music Therapy	B	51.2305	1		12/06/2012	Reevaluate Need
University of South Florida	BA in Organizational Leadership & Supervision	B	52.0213	0		12/06/2012	Reevaluate Need
Florida Gulf Coast University	BS in Real Estate	B	52.1501	4		12/06/2012	Reevaluate Need
University of South Florida	Master of Arts in Strategy and Information Analysis	M	11.0401	0	STEM	12/06/2012	Reevaluate Need
Florida Gulf Coast University	MS in Engineering	M	14.0101	1	STEM	02/15/2013	Concerns - based on other institutional experience with limited enrollment in general programs (possibly consider specific area)
University of South Florida	MA in Museum Studies	M	30.1401	1		02/15/2013	Concerns - potential low enrollment
Florida International University	Professional Science Master's in Medical Physics	M	51.2205	1	HLTH	02/15/2013	Concerns - potential low enrollment and proximity of FAU program
Florida International University	PhD in International Crime and Justice	R	43.01	1	SEC	02/15/2013	Concerns - duplication and relative demand
University of Central Florida	PhD in Criminal Justice	R	43.01	1	SEC	02/15/2013	Concerns - duplication and relative demand

### Other (as of 02/15/13)

Institution	Degree Program Title	Level	CIP Code	US Program	Emphasis		Status
University of South Florida	BA in Biology	B	26.0101			12/06/2012	Major Track - Evaluation not required

## **Committee is meeting on April 12, 2013, to examine existing programs**

- “unnecessary duplication”
- low-degree production
