**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7, Florida Constitution; Subsection 1007.25(8), Florida Statutes; Board of Governors Regulation 2.002

**BACKGROUND INFORMATION**

Board Regulation 2.002 requires the development of University Work Plans. Work Plans, in conjunction with annual Accountability Report, are designed to inform strategic planning, budgeting, and other policy decisions for the State University System. Each University Work Plan is intended to reflect the institution's distinctive mission and focus on core institutional strengths within the context of State University System goals and regional and statewide needs. The Work Plan outlines the university's top priorities, strategic direction, and specific actions and financial plans for achieving those priorities, as well as performance expectations and outcomes on institutional and System-wide goals.

The University Work Plan's "Strategy" section includes institutional mission and vision statements, identification of strengths and opportunities, and key initiatives and investments. The "Key Performance Indicators" section provides metrics common to all universities, as well as metrics specific to research universities, and institution-specific indicators. The "Operations" section provides fiscal and other information, including enrollment planning and intentions to implement new academic programs in 2013-14 as well as in out-years.

Universities will make brief presentations on their Work Plans, after which Committee members will have the opportunity to engage in discussion and questioning. The

Committee will consider for approval those portions of 2013-14 University Work Plans associated with the 2013-14 academic year, and review out-year portions of University Work Plans, noting areas for further dialogue and deliberation.
