

**PROGRAM TERMINATION FORM**  
Board of Governors, State University System of Florida

UNIVERSITY: Florida State University

PROGRAM NAME: Graduate program in Chemical Physics

DEGREE LEVEL(S): PhD CIP CODE: 40.0508  
(Ph.D., Ed.D., etc) (Classification of Instructional Programs)

ANTICIPATED TERMINATION DATE: Spring, 2016  
(Last date that students will be accepted into program)

ANTICIPATED PHASE-OUT DATE: Spring, 2016  
(Last date that data will be submitted for this program)

*This is the form to be used for university requests to terminate doctoral degree programs and is recommended for use when terminating other programs. The request should be approved by the University Board of Trustees (UBOT) prior to submission to the Board of Governors, State University System of Florida for approval. Please fill out this form completely for each program to be terminated in order for your request to be processed as quickly as possible. Attach additional pages as necessary to provide a complete response. In the case of baccalaureate or master's degree programs, the UBOT may approve termination in accordance with BOG Regulation 8.012 (3), with notification sent to the Board of Governors, Office of Academic and Student Affairs. The issues outlined below should be examined by the UBOT in approving termination.*

**1. Provide a narrative rationale for the request to terminate the program.**

This program has not sustained enrollment and is not longer viable in it's current design and operation. Many of the associated faculty have retired. Because of this, the program has been suspended since Fall, 2013.

**3. Indicate on which campus(es) the program is being offered and the extent to which the proposed termination has had or will have an impact on enrollment, enrollment planning, and/or the reallocation of resources.**

Program is offered on FSU main campus. Since there are no students in it, and have not been for 10 years, there will be no effect on enrollment, enrollment planning or reallocation of resources.

**PROGRAM TERMINATION FORM (PAGE 2)**

- 4. Provide an explanation of the manner in which the University intends to accommodate any students or faculty who are currently active in the program scheduled to be terminated. State what steps have been taken to inform students and faculty of the intent to terminate the program?**

There are no students in the program at this time so no accommodation is necessary. The intent to terminate this program was thoroughly discussed with faculty who are or might be affiliated with this program. There was no desire to continue it.

- 5. Provide data (and cite source) on the gender and racial distribution of students and faculty. For faculty also list the rank and tenure status of all affected individuals.**

There are no students enrolled in the program. Termination will not affect gender or racial distribution of the students or faculty in the home departments.

- 6. Identify any potential negative impact of the proposed action on the current representation of females, minorities, faculty, and students.**

There will be no negative impact of terminating this program on the representation of females, minorities, students, or faculty.
