

Athletics Budget Update August 23, 2019

PRESENTED BY

Chair Kelvin Lawson, Board of Trustees

Florida Agricultural and Mechanical University

Athletics Talking Points Quick History

- BOT and BOG Updates were presented:
 - June 2, 2019
 - July 26, 2019
 - August 16, 2019
 - BOG Revenue/Expense reporting structure was agreed to in 2016 and still used as of this date
 - University following BOG guidance set out in various documents in 2016
 - University agreed in 2016 to repay improper transfers and is current on making payments
 - Loan repayments include support from University Foundation in all 12 years and have been/and will continue to be budgeted

Athletics Talking Points Quick History

- As the university closes out FY18/2019 it appears that the current deficit in Athletics will require approximately \$1M from the President's Discretionary Fund. *Please note that the \$1M will fluctuate until financial statements have been completed.
- FY18/2019 repayment of \$298K is in addition to the amount needed to balance out the FY18/2019.
- During initial close there was a potential shortfall of \$300K which was initially identified. Shortfalls in revenue and DSO support collections continued to grow. The current amount needed from the President's Discretionary Fund will require approximately \$1M.

Athletics Talking Points Recent Actions

- The FAMU BOT met on August 16, 2019 and set the budget for Athletics at \$10.2M
 - Includes \$305K for NCAA Fines
 - Includes \$50K for Athletics Loan Repayment
- The new operating expense budget for Athletics is \$9.8M (net of NCAA fines and loan repayment)
- The preliminary budget was internally set at \$10.4M, while BOT and senior management considered \$11.2M. Important to note as budgeted figures will need smaller adjustments.
- Internal reviews have been scheduled monthly through 2019, and will be scheduled in 2020 as we get closer to that time. Reviews with BOG will be scheduled through 2019.

Athletics Talking Points Moving Forward

- Review of Athletics' revenues is in process by the interim CFO and is resulting in a clearer view of funds generated by Athletics.
- Review of expenses will take an additional 30-60 days. This may result in further recommendations for adjustments to the BOT set budget.

New Concepts

- In accordance with BOG guidance from 2016, the University may explore use of Auxiliary interest to support scholarships for student athletes
- The University will also evaluate financial aid packaging for all students, including student athletes. BOG guidance will be sought
- The University will explore with other SUS institutions and BOG staff additional ideas
